*Re: Requirement of Canada to sign a Treaty with our ASMIN Nation and its failure against it's law to do so. In Violation of UNDRIP and the Constitution of Canada and the rule of Law, in criminal activity of resource and land theft. **Reference Apostolic Letter, issued Motu Proprio, 11 July 2013.***

Your Holiness,

*On behalf of my Indigenous Nation, created as per Champlain's statement a "New Race of People, the Natives with the French" I extend our ASMIN Nation's best wishes.*

*Our Nation has over 10 cases and more being generated, proceeding to the Supreme Court of Canada (land claim in Trespass) and the International Courts. Canada's Aboriginal Affairs refuses to fulfil their constitutional requirement to consul and to sign a "Treaty" with our Indigenous Nation pursuant to Canada's own laws: (Royal Proclamation 1763, ingrained into the Constitution of Canada 1982). (citing UNDRIP)*

*The courts and the agents of the Crown, are violating their own laws, in breach of trust and dishonour to the Crown, and international Conventions they are signatory to.*

***As an elder in my Nation, (70 years), I respectfully request a possible meeting with your eminence, when you arrive in Ottawa, the land of my Anishinabek un-ceded, un-surrendered Nation's territories.***

*My oldest Metis line is of Champlain's interpreter, Jean Nicolet, who married the Nipissing/Huron women, siring the first recorded Metis, in the colonial paper trail, of a first Metis birth, my 9<sup>th</sup> great grandmother. The early French colonials were very inter-related and most married native. Guillaume Cousture a Donne, of the Jesuits was my 9<sup>th</sup> great grandfather on two lines.*

220422 Pope

*Our un-treatied un-surrendered eastern Métis Nation, is still occupied by the colonial trade colony of Great Britain (Canada).*

*The only way that we can circumvent this extensive legal challenge, is for your eminence to recognize our Sovereign Indigenous Nation. It took 34 years our last court challenge to be recognized as a people. We are the Eastern Metis. The Metis leaders that you met this week are surrendered under the Manitoba Act (the Western Metis). By doing so it would force the Canadian Government to enter into Treaty Protocol pursuant to the UN procedures. Nation to Nation.*

*Today was another day the courts refused to apply the law.*

*I trust you will have a wonderful trip to Canada this year. And our ASMIN Nation expresses great blessing to your eminence.*

*May we all go in a good way; the grandmothers are watching.*
