

RIDEAU HALL

July 12, 2006

Dear Chief Mukwa:

I thank you for your most recent correspondence about an Aboriginal initiative for the creation of sustainable housing for Aboriginal People in Canada.

The Governor General was pleased to read about the joint ventures you are exploring with other Aboriginal Communities. Unfortunately, due to a very heavily committed program, it will not be possible for her to meet with you in the next few months. Perhaps a meeting in the late Fall can be arranged.

Her Excellency hopes that you keep her informed on the progress of your project and she has asked me to convey to you her greetings and very best wishes for success in your initiative.

Yours sincerely,

Curtis Barlow
Acting Secretary
to the Governor General
